

# MAISON PHILIPPE VIALLET

## SAVOIE

### Story

The Viallet family acquired their first Estate back in 1966 in Apremont, 10kms from Chambéry. Philippe Viallet, the 2<sup>nd</sup> generation, joined the Estate and created « Maison Philippe Viallet » in 1985. Over the past 30 years, Philippe has acquired several vineyards and it now represents 118 hectares spread across various Savoie appellations. Philippe is also a negociant-éleveur and has contracts all over Savoie with several growers. Savoie consists of many isolated sub-regions and plots of vineyards scattered across four French departments: Savoie, Haute-Savoie, Isère, Ain. Savoie neighbors Switzerland (to the East), the Jura region (to the North) and the little-known Bugey region, which is west across the Rhône river. The Savoie region is the only alpine wine region in France located between mountains and lakes. It offers a great diversity of local grape varieties, and the main productions in the area is white (70%).
